

GRAZIER'S ESSENTIALS™

AQUA-NOX™ Stock Saver

Livestock Water Conditioner

For Cattle, Sheep, Goats, Camelids, Equine, Swine & Poultry

• **AQUA-NOX™** Stock Saver is a highly soluble kelp powder that can be added to livestock watering systems as an aqueous amendment for stock under stress: shipping, weaning, birthing, weather extremes and illness. The overall impact of **AQUA-NOX™** is improved performance, less morbidity and mortality and better feed conversion.

AQUA-NOX™ Stock Saver contains a low temperature **spray dried kelp extract** that uses no alkali to remove the nutritional constituents found in kelp (amino acids, polysaccharides, vitamins, minerals). Thus, **AQUA-NOX™** Stock Saver can be a **substitute for dried kelp meal** where kelp meal is unavailable or unaffordable. **AQUA-NOX™** Stock Saver is fortified with chelated trace elements that perform as cofactors or synergists with kelp for optimal animal performance. **AQUA-NOX™** Stock Saver is super concentrated, cost effective, easy to use and very palatable!

Directions for use: At **weaning, shipping** or times of **nutritional demand**, mix 4 oz to every 100 gallons of water. Replenish accordingly as water is consumed. Provide for 5-7 days and then reduce to maintenance dose. **For maintenance**, mix 2 oz to every 100 gallons of water.

Ingredients: Kelp, Ascorbic Acid, Zinc Proteinate, Manganese Proteinate, Copper Proteinate, Silicon Dioxide, Cobalt Sulfate

Guaranteed Analysis:

Crude Protein, min..... 4.93%
Crude Fat, min 1.00%
Crude Fiber, max 2.90%
Zinc, min 0.59% (5900 ppm)

Copper, min0.23% (2300 ppm)
Manganese, min0.47% (4700 ppm)
Cobalt, min0.0025% (25 ppm)

Packaging:

6 Lb (2.7 kg) Bag
12 Lb (5.4 kg) Bag
50 Lb (22.7 kg) Bag

Warning: For animal use only. Keep out of reach of children.
