Soil Test Price List

Agri-Dyn #1.....\$20.00

TEC (M.E.)	Sodium
pH	Boron
Organic Matter	Iron
Sulfur	Manganese
Phosphate (P ₂ O ₅) Extractable	Copper
Magnesium	Zinc
Potassium	

Agri-Dyn. #2\$25.00

Agri-Dyn #1 plus	Conductivity
	Estimated Nitrogen Release
	Molybdenum
	Cobalt
	Chromium
	Selenium
	Silica
	Aluminum

Agri-Dyn #3.....\$30.00

Agri-Dyn #2 plus toxics- Arsenic, Lead, Cadmium, Nickel

Consulting Fee.....\$30.00

Simple Instructions for Collecting Soil Samples

Typically, a composite sample is taken by pulling 7-8" plugs randomly through a paddock. E.g. 12-15 plugs; mix them thoroughly in a plastic bucket and draw out a (1) lb. blended sample.

Avoid "extreme" or abnormal locations in the sampling, such as wetlands, or thin soil, rock outcroppings as part of the composite; as these should be sampled separately,
