

Lacto-San™

Purpose Statement: This product is intended for use according to an approved organic system plan. All materials in this product comply with the Organic Food Production Act of 1990 7 CFR Part 205 National Organic Program for use in organic crop production. This product is intended to be used as part of environmentally benign soil nutrition programs that support the soil microbiome.

Guaranteed Analysis:

Lactobacillus spp. 7.2 x 10⁸ cfu ml⁻¹

Derived from: Fermentation product of bovine whey by thermophilic lactic acid bacteria.

Nonplant Food Ingredients: Lactobacillus spp.

Directions for Use:

Notice: Store at room temperature (40 to 80° F). Once concentrate is added to spray or drip tank, apply solution within 24 hours. This product can be tank mixed with most products. A bench test is strongly recommended.

Dilution: Dilute the following recommended amounts of product with 10-20 gallons of water.

Application Rate: Fertigate and foliar spray 1-4 quarts per acre every 7 to 14 days. Apply with Plant-Sure.

Important: Flush irrigation lines adequately after use.

Condition of Sale/Warranty: Manufacturer's and Seller's obligation is limited to the replacement of products due to defective quality only. Neither Seller of Manufacturer shall be liable for any damages directly or consequently arising from the use of labeled products from Agri-Dynamics. All suggestions or directions made herein are based upon our experience and are believed to be accurate. No other guarantee or warranty is made or implied by contract, statute, common law, merchantability, fitness for a particular purpose or otherwise, as conditions and methods of the use of products herein described are variable (e.g. weather, etc), and beyond our control. This information and any products are provided on the conditions that the user will evaluate them for himself as well as any recommendations to determine their suitability for his own purposes before adoption. User/grower should contact a certified agronomist and/or relevant regulatory agency (e.g. State Dept of Agriculture, Extension Service, AAPFCO, Land Grant University, etc.) for their professional assessment on the use of such products, prior to use.
