

Rhizo-Shield™

This product is intended for use according to an approved organic system plan. All materials in this product comply with the Organic Food Production Act of 1990 7 CFR Part 205 National Organic Program for use in organic crop production.

Guaranteed Analysis:

Total Nitrogen (N)	3%
Available Phosphate (P ₂ O ₅)	2%
Soluble Potash (K ₂ O)	5%
Sulfur (S)	2%
Calcium (Ca).....	2%

Ingredients: Amino Acids, Fish Meal, Soft Rock Phosphate, Potassium Sulfate, Kelp, Fulvic Fraction, Worm Castings, Diatomaceous Earth, and Mycorrhizae inoculant.

Directions for Use:

Important: Use 50 mesh or larger screens on injection and spray nozzles.

Notice: Store above freezing (>32°F/0°C) and below 90°F/32°C. Once concentrate is added to spray or drip tank, apply solution within 24 hours. This product can be tank mixed with most products. A bench test is strongly recommended.

Dilution: Blend in pre-mix tank prior to final dilution with 10 to 20 gal. of water, constantly agitating.

Application Rate: In Furrow: Apply 1/2 to 1 pounds per acre diluted with 8-10 gallons of water.

For Soil Application and Residue Breakdown: Apply 1/2-2 lbs/acre diluted with 40-60 gallons of water. Spray on crop residue or prior to working ground.

Condition of Sale/Warranty: Manufacturer's and Seller's obligation is limited to the replacement of products due to defective quality only. Neither Seller or Manufacturer shall be liable for any damages directly or consequently arising from the use of this product. All suggestions or directions made herein are based upon our experience and are believed to be accurate. No other guarantee or warranty is made or implied by contract, statute, common law, merchantability, fitness for a particular purpose or otherwise, as conditions and methods of the use of products herein described are variable (e.g. weather, etc), and beyond our control. This information and any products are provided on the conditions that the user will evaluate them for himself as well as any recommendations to determine their suitability for his own purposes before adoption. User/grower should contact a certified agronomist and/or relevant regulatory agency (e.g. State Dept of Agriculture, Extension Service, AAPFCO, Land Grant University, etc.) for their professional assessment on the use of such products, prior to use.
